

The Easiest Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Agony of Asthma

New Prescription Gives Instant Relief, Makes Breathing Easy.

Thousands of people suffer from bronchitis or bronchial asthma, who, having tried advertised remedies, inhalers, "patent smokes," douches, doctors, changes in climates, etc., without permanent benefit, believe nothing can ever make them well.

Extensive experiments finally enabled a Worcester, Mass., physician to find a simple, harmless treatment that gave almost immediate relief in even the most stubborn advanced cases, and great numbers of former asthmatics have now used his treatment with wonderful success.

The doctor's prescription is called Oxidase and can be obtained from The Lee & Osgood Co. and leading druggists everywhere, who sell it on a guarantee of money back on the first package if in any case it fails to give prompt relief.

Many users who for years have been obliged to sit up in bed gasping for breath and unable to sleep report that they now take a dose of Oxidase when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep.

Oxidase is a safe treatment, easy and pleasant to take and contains no harmful, habit-forming drugs.

What's New?

An Answer From the Silk Dress
Goods Section

Every day sees additions to our stock of the season's novelties in Silks and Dress Goods. Each year, of course, it seems as if the designs and the colorings, and the textures, were more beautiful than before. This year is no exception. When you view these beautiful weaves you will have to admit that 1920 can hold its own with any year, and that the after-war period has produced some of the most charming and artistic weaves that you have ever seen.

AMONG THE LATEST ARE:

Radium Prints are among the most charming of the newer silks. They are a Taffeta weave, soft in finish and as lustrous as a satin, and the designs and colorings are exquisite. The width, 40 inches, is the best for general use, and the price is low as prices go this year—\$4.00 a yard.

Printed Georgette Crepe is another very new novelty—a veritable textile confection. The silk itself is of very good quality, and the patterns and colorings are as dainty as can be. One of the designs, the American Beauty Rose is stunning. Width 4 inches—prices \$4.00 to \$5.00 a yard.

Plain Georgettes we can now show in forty different shades, a most wonderful assortment, all of them in the 40-inch width. One of the newer and most attractive colorings is "Jade," a clear translucent green which has become immediately popular. The price is \$3.00 a yard.

Pure Worsted Plaids in styles and weights correct for separate skirts are now coming in, and have been received with favor. You will need one of these skirts this year. Prices from \$7.25 to \$9.75 a yard.

Wool Jerseys, in both suiting and dress weights continue in popularity. A splendid color assortment is offered in the dress Jerseys at \$4.50 a yard, and some handsome hosiery mixtures in the suiting at \$5.00. Both are 54 inches wide, and absolutely pure wool.

Suede Velour is another stunning fabric for sports wear. A soft velour, 54 inches wide in a wonderful selection of sixteen staple and pastel shades. The price is \$5.50 a yard.

Figured Coat Linings of cotton, or cotton and silk, are shown in greater variety than ever before, and never in more charming designs and colorings. Prices from \$1.00 to \$2.00 a yard, the better grades being a mixture of mercerized cotton and silk.

WESTERLY

Police Chief Brown, in cooperation with the railroad special officers, is busy in continuing the investigation in regard to the theft from freight cars in Bradford and Westerly, in the hope of recovering more of the stolen goods and capturing the thieves still at liberty. In the opinion of the chief all the local gang is in custody except three, and one of these is the man referred to as Joe, who came from New York and helped the locals plan for the theft and shared in the spoils. When United States Marshal Richards arrived in Westerly from Providence Thursday night, and the matter discussed in detail, decision was reached to release Salvatore Polidini, an insurance agent, and there was not evidence sufficient to hold him for the federal grand jury, especially as he was not in possession of any stolen goods. There was conflicting statements as to whether he was actually with the gang that stole the car at Bradford Tuesday night and Polidini was given the benefit of the doubt.

The marshal returned to Providence and took as federal prisoners, the other six men: Joseph Murano, James Guadagnone, Braggi Guadagnone, Frank Giorio, Peter Terranova, and Mariano Straffess. All are married except Braggi Guadagnone.

The accused men when brought before United States Commissioner Archibald C. Matteson Thursday charged with theft of goods from a common carrier, all entered pleas of not guilty.

Bail of \$5,000 each was fixed for all, except Terranova, who was required to furnish \$5,000 for his release. All of the men were able to put up bail and were released pending their preliminary trial.

United States District Attorney Harvey A. Baker insisted that bail for each of the defendants be fixed at \$10,000. He informed the Commissioner that he had reliable information that if light bail was fixed for them that they would disappear and not appear when wanted for trial.

Mr. Fitzgerald said that \$10,000 bail for each man would deprive them of their right to liberty pending trial, and urged that the amount be fixed at \$2,000 each. The bailsmen for the men were friends or relatives.

In fixing bail for the six men, Commissioner Matteson said during the year 1919 the United States Railroad Administration had to pay to the New Haven Railroad \$2,000,000 in claims for goods stolen in interstate commerce.

The annual report to the legislature of the board of managers of the Rhode Island state college, at Kingston, recommends an increase in maintenance fund for \$40,000 to \$50,000. And additional \$45,000 for completion of the work on the new agricultural and administrative building is also requested and the legislature is reminded that, unless new provision is made, the college will be unable to continue its work.

"If this bill passes," he said, "what is to prevent this company to cut a \$10,000 melon among its stockholders? If only \$50,000 was needed, why was not that the amount of the increase asked for? The purpose of the company has never been adequately explained."

Mr. Ferguson moved to recommit bill to the corporations committee, but on voice vote the motion was lost. The act was then passed.

A branch has taken root in Westerly, of the Leonard Wood Republican League of Rhode Island, under the direction of Representative John F. Ferguson, Jr., and includes in the committee the following named: Representative Samuel H. Davis, William Clark, Councilman Abraham P. Davis, William Clark, Colonel Charles H. Ledward, Harry R. Miller, William Mitchell, Arthur L. Perry, of Westerly; Leverett A. Briggs, A. J. Crandall, Everett P. Mathewson, of Ashaway; J. Donald Pryor of Narragansett Pier.

Miss Mildred Lanphear, of Watch Hill, and Burrows Perry of Stonington, were married at five o'clock Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. Fred O. Lanphear, Rev. Peter S. Saler, pastor of Broad Street Christian church, officiating. Mrs. Paul Conant, sister of the bride was matron of honor, and the best man was Paul Conant, of Stonington. The bride wore a gown of white satin and carried a shower bouquet of white roses and sweet peas. The gown of the matron of honor was of raspberry satin. Mr. and Mrs. Perry will reside in Stonington on their return from their wedding trip.

These officers were installed by Past Regent Hannah Kenyon, of Women of the Mooseheart Legion at the home of Mrs. Catherine McCormick, Wednesday evening: Hannah Kenyon, past regent; Catherine McCormick, senior regent; Elizabeth May, junior regent; Martha A. Johnson, chaplain; Mary J. Platt, recorder; Mary Sylvia, treasurer; Alice M. Johns, guide; Marion Beaudoin, argus.

William Cullen, who was found in an exhausted condition in a barn on the Bliss place, near the Sweeney quarry, a week ago, and was taken to the Lawrence and Memorial hospital, New London, died in that institution within a few hours after admission. He was burned Wednesday in Peter's field, Jordan cemetery. No relatives could be located and the body was unclaimed. The town of Westerly will be called upon to pay expenses. The man was sent to New London by authority of the overseer of the poor of Westerly.

Miss Harriet B. Frazier, of Pawcatuck, and Frank L. Rector, of New London, were married Thursday afternoon, by Rev. W. R. Uchman, at the home of the bride's parents.

made immediately, the experiment station will be started out of existence before the close of this year.

Salaries of the teaching staff are considered greatly inadequate and to effect an average increase, amounting to 154 per cent, an additional \$12,000 is needed. It is also required to add three new instructors at a total annual cost for salaries of \$4,500.

The college contracted a deficit of \$9,436.86 in 1919, according to the report. Receipts for the year are given at \$122,982.68 and expenses as \$142,419.14.

The attendance for the year 1919-1920 is the largest in the history of the college, numbering 342 students. The entering class has an enrollment of 143, an increase over the previous year of 14 per cent. The enrollment was limited to 340 and some applicants had to be refused admission. The capacity of the plant is declared to be taxed to its limit.

Captain Darius B. Dodge, state pilot commissioner for Rhode Island, now in his seventy-fifth year, sailed Thursday for the south, in his thirty-third annual trip, alone, to St. Petersburg, Florida. He will remain a month, or more.

Westerly Lodge, No. 678, Benevolent and Protective Order of Elks, at the annual meeting held Wednesday evening elected officers as follows: Aloysius J. Twomey, exalted ruler; Andrew J. Martin, esteemed leading knight; Edward E. Hall, esteemed loyal knight; John J. Walsh, esteemed lecturer; Richard J. Bulger, Jr., treasurer; William H. Leder, tyler; John V. Moore, trustee three years; Joseph L. Lenihan, past exalted ruler. Past Exalted Ruler Lenihan was elected delegate and Past Exalted Ruler Frank R. McKenzie, alternate, to the Elks' convention.

The house Thursday afternoon passed in concurrence the bill increasing the capital of the Westerly Automatic Telephone Company from \$200,000 to \$400,000. Representative John Ferguson, Jr., of Westerly, attacked the act as permissive of stock jobbing, and with the help of the democrats and a group of republicans, tried unsuccessfully to have it recommitted to the corporations committee. Fred L. Owen of Providence, a member of the corporations committee, which recommended the bill, and Samuel H. Davis of Westerly, defended the act. Mr. Davis stated that although he was an officer and attorney for the company he did not introduce the bill and would not vote upon it. Mr. Ferguson charged that the company had last year charged up \$53,954.42 to gross operation expenses, although included in that sum was \$10,837.59 transferred to the reserve for depreciation and \$7,000 paid in dividends in April. Consequently, he said, the true gross operating expenses had been \$41,126.83. He said that the company already had authority to issue an additional \$25,000 stock and had a surplus of \$78,000. If, as stated, he declared, from \$50,000 to \$60,000 was needed for improvements, the company did not require increased capital.

"If this bill passes," he said, "what is to prevent this company to cut a \$10,000 melon among its stockholders? If only \$50,000 was needed, why was not that the amount of the increase asked for? The purpose of the company has never been adequately explained."

BRIEF STATE NEWS

Cheshire.—State reformatory boys are being employed to dig out the trolley line between Milldale and Cheshire.

Glastonbury.—A doe wandered into Glastonbury the other day in search of food. Dogs attacked and killed it before it could be rescued.

Madison.—The state park commission has voted to provide a bathing pavilion at the state park in Madison, on Hammonasset Beach, at a cost of \$40,000.

New Haven.—Potatoes are soaring again in New Haven. They are asking \$1.25 a peck. The supply is limited because shipments from Maine are entirely suspended.

Bridgeport.—Gen. John J. Pershing is to address the Manufacturers' association of Bridgeport at its annual meeting next Tuesday. Congressman Schuyler Merritt is also scheduled to speak.

Waterbury.—Dr. Arthur Davis Variell and Mrs. Variell announce the engagement of their daughter, Miss Doris Variell, to Howard Platt Hart, a son of the late J. H. Hart, also of Waterbury.

Middletown.—Mrs. Jennie N. Rounds, a cook at the state hospital, has filed a suit for divorce against her husband, Joseph Rounds, who, according to the complaint in the case, is of whereabouts unknown.

New Haven.—Because so many people "move rather than pay bills," New Haven merchants are asking for an ordinance that will require all moving concerns to report their moves daily at the Chamber of Commerce.

Hartford.—About 250 persons have applied for community gardens so far this year, and nearly all are from persons who have enjoyed their benefits during the past two years. Interest in gardening increases daily and many of the applicants are asking for two or three plots.

Glastonbury.—Chester K. Hale of Glastonbury has brought a civil action against the Connecticut company, with offices at New Haven, to recover damages of \$100. The action is based on an accident last September in which a cow owned by the plaintiff was killed by a trolley car at Glastonbury.

Chester.—Andrew E. Warner, 55, was killed Monday afternoon between 2 and 5.15 o'clock. Mr. Warner went to one of his barns and found the large sliding doors frozen at the bottom, which he chopped clear of ice, thinking that if he lifted the door with a crowbar it would make it work better. It is thought he must have lifted the rolls off the track and the door came over on him, killing him instantly.
